Lewcott's Fume Incinerator "On-Line" But Odor Complaints Continue

MILLBURY. "A rose by any other name would smell as sweet," as the saying goes, but if you're going to call roses "Phenol," don't expect members of the Millbury Awareness Group to keep a bouquet in their homes. Lewcott began running its Phenol coating line (LC799) through their new $400,000 fume incinerator on September 30th, and already neighbors have registered complaints. Carol Perry, spokesperson for the Millbury Awareness Group, stated that she spoke with Lewcott's newly elected President, Jack Burgoyne, and informed him that at 3:30 p.m. on September 30th, she noticed strong odors coming from the building.

Burgoyne acknowledged that he had spoken with Mrs. Perry but stated that he was at a loss in trying to explain the source of the odors. "The incinerator was running," Burgoyne said. "We have been engaged through the month of September in the final installation and testing of the incinerator. We had concluded on Wednesday, the 30th, that essentially the incinerator itself was indeed operational. Through a series of tests we had determined, again with the manufacturers engineer on site, that indeed the equipment was operating to specification."

According to Burgoyne, Lewcott began the LC799 production run on the afternoon of the 30th, about 3:00 p.m., and ran it for the balance of that day and throughout the evening.

Betty Baker, of Thomas Hill Road, was awakened by strong odors at 11:30 p.m. on the 30th, and again at 4:30 a.m. on October 1st. According to Mrs. Baker, "I went down to Lewcott at 5:00 a.m. on October 1st. "There was definitely a phenol odor coming from Lewcott, and there was also a very hot metal smell."

Burgoyne followed up on Mrs. Baker's complaint with a phone call. "I talked personally to Mrs. Baker and she essentially shared with me what she was experiencing." Burgoyne also stated that he gave Mrs. Baker permission to go on the Lewcott property itself any time she detects an odor in order to establish the exact source. "It's very important to me that I get the best possible data regarding any complaint."

Burgoyne noted that there are other companies in the area who might also be a source of odors, including the Millbury Sewage Treatment Plant, Polyclad, and Polyvinyl Films. "It's part of the continuing frustration that I personally experience when I talk to members of the community," he stated. "People will detect an odor and say to me, 'It's Lewcott,' and I will ask some very specific questions to try to establish that people are taking the time to determine the source."

Wes Army, a member of the Millbury Highway Department whose building is located across the street from Lewcott, also complained about the odors on the 30th. He stated that a representative from Lewcott visited the Highway Department and offered to take him on a tour of the building. Army's reply was, "Thanks, but no thanks. The further I stay away from those odors the better."

Members of the Awareness Group have speculated that the odors may be escaping through open doors and windows at the company, a conclusion which Burgoyne does not share. "No way", he stated. Although the company does allow the doors and windows to remain open during the warm months, Burgoyne maintained that there was no possibility the odors could be escaping through these sources. When asked if the odors could be coming from the exhaust fans, Burgoyne replied, "I don't think so. Everything is being drawn into the incinerator."

When asked what steps the company will take if the incinerator proves ineffective, Burgoyne replied, "First things first. We have yet to complete the test protocol. Essentially, what gets done at this point; the manufacturer declares that the equipment is operational, that's step #1. What then must happen; a sample of what is coming off the stack has to be taken and analyzed. It's on that basis that the State then accepts or does not accept the equipment. DEQE testing is expected to take place this month.

"The issue is that we have a piece of equipment that is designed to do some very specific things. While we have not yet conducted the final DEQE prescribed tests, the manufacturer has indicated that the equipment is indeed operational. And given the design, the variable in determining whether or not destruction is occurring is only one of operating temperature. Given that the equipment is achieving the prescribed 1400 degrees fahrenheit, then the destruction of VOC's, odors, and particulate matter is indeed occurring."

Craig Dunlop, Principal Engineer of the Air Quality Division of the DEQE, stated that the Department is continuing its investigation of the odor complaints on September 30th and October 1st. A representative of the DEQE, in response to the complaints, did visit the company on the afternoon of October 1st but did not detect any odors at that time. Dunlop added that the DEQE will be monitoring future runs very closely. "We don't want any odors there. People have a right to breathe clean air."

SUTTON. Students from Tura Dudley's 10th and 11th grade art classes at Sutton High School stand in front of the Commemorative Relief Archway they completed for Heritage Homecoming Week festivities. Left to Right: Tracy Gray, Carrie Dudley, Fred Saldana, Jon Mongeau, Stephen Carlson, Kurt Martin, and Carolyn Sokol. The archway provided a beautiful framework for all visitors to the Sutton Town Hall.

Millbury and Sutton residents braved the elements to complete the annual Crop Walk for Hunger on Sunday, October 4th. Despite the inclement weather, a respectable number of hardy individuals turned out to aid in the fight against hunger.

New Phone Number For Millbury Building Inspector's Office

MILLBURY. Effectively immediately, the new phone number for the Building Inspector's office is 865-0438. This number will also service all plumbing, gas, and wire inspection inquiries. The office hours for the inspectors' office are 9-4, Monday through Friday.

NOTICE

The Millbury Highway Department will no longer pick up leaves in selected neighborhoods. As we do not have the manpower or equipment to provide this service to all taxpayers, it will not be provided for a few.

Highway Surveyor — Joseph Chase
Board of Selectmen — Jude T. Cristo

MILLBURY FLU CLINIC

MILLBURY. The Millbury Board of Health and the District Nursing Society will sponsor a flu clinic for those 60 years and older on Wednesday, October 21, at the V.F.W. Hall at 16 South Main Street, from 9:00 a.m. to 10:30 a.m. The cost will be $1.00 per person.

Please call the Board of Health office at 865-4721 to pre-register, any day from 9:00 a.m. to noon.

SUTTON FLU CLINIC

SUTTON. The Sutton Board of Health will hold a Flu Clinic on October 9th at the Sutton Town Hall, Council on Aging room, between 12:30 and 1:30 p.m.

CALENDAR

SATURDAY, OCTOBER 10

SUTTON...St. Mark's Church, Boston Road, will hold a Flea Market from 9:00 a.m. to 3:00 p.m. on the church grounds.

TUESDAY, OCTOBER 13

MILLBURY...District Nursing Society Blood Pressure Clinic at the Asa Waters Mansion from 9:30 to 11:30 a.m.

WEDNESDAY, OCTOBER 14

MILLBURY...The Millbury Public Library will present "Parents Focus On: Reading Aloud" from 10:30-11:30, and again on Thursday, October 15, from 10:30 to 11:30.

THURSDAY, OCTOBER 15

MILLBURY...District Nursing Society Blood Pressure Clinic at the Centerview Apartments (residents only) from 1:00 to 2:00 p.m.

SUTTON...The General Rufus Putnam Chapter of the DAR will meet at the Sutton Town Hall at 1:30 p.m.

MILLBURY SELECTMEN'S MEETING DIGEST

Affordable Housing Proposal Again Topic of Debate

By Edward J. Cooney

SEPTEMBER 29, 1987

Following the signing of Warrants, the Board approved the Minutes of several meetings after corrections were made by Adams and Gauthier.

– At 7:15 p.m., Chairman Jude Cristo recognized George D'Auteuil, who stated that he was present to discuss newspaper reports about the Selectmen's concerns over the closing of the Cent-Ree Redemption Center and the license he holds. D'Auteuil reported that he had spoken with Administrator Earl Chase who had questioned the status of the redemption center.

D'Auteuil expressed surprise that no one had approached him directly, noting that the license was paid through December 31st. He also stated that he was involved in business with other parties and did not want to divulge anything concerning his present business affairs. "I would like a clarification. No one formally asked me about it (the beer and wine license)".

Cristo replied, "I apologize that we didn't notify you in writing. We should have contacted you. We assumed you were not going to operate. Our concern was with the beer and wine license."

D'Auteuil then referred to a statement in the Millbury-Sutton Chronicle, attributed to Selectman Wynton Adams, in which Adams was quoted as saying, "I am not concerned about the business."

Adams stated that he wished to clarify the matter by telling D'Auteuil that the Board has a concern for all alcoholic licenses, and whether or not they are being used. "As agents, we have the right to know," said Adams. He indicated that his statement, as quoted, was taken out of context. Adams explained that the Selectmen had been discussing the closing of the redemption center and it was in that context that he had expressed concern over the license.

(During the previous discussion of the closing of the Redemption center, no Board members had specified that the license referred to was a beer and wine license. Adams' report tonight clarified his statement, as quoted in the Chronicle.)

Cristo then asked D'Auteuil when he would be closing the books of the business. D'Auteuil replied that it was expected that the books would be closed sometime within the next three or four weeks.

Administrator Earl Chase was then called on to present his report to the Board.

– Chase informed the Selectmen that the Assistant Dog Officer, Mrs. Bradley, was sending in a letter of resignation. Chase noted that the letter was prompted by the relocation of her Grafton Street horse stables.

Cristo suggested that Chase check with other parties who had expressed an interest in the position.

– Chase reported that Chief Brady had informed him that he (Brady) would be discharged from the hospital this coming Thursday, and would then be recuperating for about three weeks.

Adams asked if anything had been received from Brady's physician. Chase answered, "No, but we will receive something."

– Chase stated that the Planning Board had submitted two dates for an informal meeting with the Selectmen. The Board agreed to meet at 7:00 p.m. on October 2nd.

– Then Chase brought up a matter concerning Health Insurance for the Town. He stated that he was counseled by insurance advisors to sit tight on Master Health Plus until the Governor's Health Plan is completed. He was also advised that the Central Mass. Health Plan may be bought out in two years, bringing it under some form of different management.

– At 7:30 p.m., Cristo recognized Todd Miles who was present to report on a tentative proposal his company is planning for Affordable Housing under the state Housing Partnership Program. Miles stated that Millbury, being a small town, would possibly get only two of these projects. He stated that the housing would cost less because mortgages are subsidized and funded by bond issues at a lower interest rate. According to Miles, the "Very Affordable Housing" ($90,500 or less), would require a 5% interest rate; which could escalate over a period of time to 7 1/2%. The "Affordable Housing" ($110,000 or less), would be financed at a 7 1/2% interest rate. He also noted that if he was to take the Comprehensive Permit route, the sub-division control Law did not apply; thus, the Planning Board could be by-passed and the Zoning Board of Appeals would act on the plans submitted. Miles suggested that the Planning Board act as a liaison with the Zoning Board of Appeals.

Cristo asked about the sites under consideration. Miles reported that Bengston Lane was one location, and that it had already been approved as a 19-lot sub-division by the Planning Board. He also stated that the Planning Board considered the Bengston Lane site a better location, as opposed to one on Route 146. When Cristo asked about the number of units proposed for the Affordable Housing Program

To Participate In Bicentennial Project

SUTTON. David Muradian, a teacher at Sutton Memorial Junior-Senior High School, has been named a Governor John Hancock Fellow by the Coordinating Committee of the federally-funded project, "Ratification: The Great Debate of '88". The project will bring together 364 teachers and students from secondary schools in Maine and Massachusetts in Boston, on February 6, 1988, to reenact the Massachusetts United States Constitution Ratification Convention.

The project has received a $50,000 grant from the National Bicentennial Commission and is co-sponsored by the Massachusetts and Main state Departments of Education, Massachusetts and Maine Bicentennial Commissions, Massachusetts and Maine Councils for the Social Studies, the Commonwealth Museum (State Archives), and the J.F. Kennedy Library.

Kristen Maki, a student from the High School, has been named a Governor John Hancock Scholar.

Mr. Muradian and Miss Maki will research the Honorable Amos Singletary Esq., the local delegate to the 1788 Convention that ratified the United States Constitution, thereby helping to establish the Constitution for the nation.

More than 300 schools in both states have joined in this effort, which has been called a model project by the National Commission.

Training workshops for the teacher-fellows have been held at Sturbridge, Historic Deerfield, Plimoth Plantation, the American Textile Museum in North Andover, and at Colby College. Presentations on the ratification process in Massachusetts were made by noted historians including James MacGregor Burns (Williams College) and Donald L. Robinson (Smith College). Local history experts including Ted Penn (Commonwealth Museum), John Worrell and John Larkin (Old Sturbridge Village) and Paul Hudon (American Textile Museum) offered suggestions for participants on research techniques. Each teacher received two copies of a new book, Momentous Affair, on Massachusetts' role in the writing and ratification of the Constitution, written by Dr. Thomas O'Connor and Dr. Alan Rogers, both of Boston College, and other research guides and materials.

The reenactment will take place in the House of Representatives' Chamber in the State House, or in another suitable location. Current plans are to record the reenactment, which should be a historic event, in/of itself, for broadcasting on national television.

Mr. Muradian requests that anyone who has any information regarding the Honorable Amos Singletary, Esq., please call the high school.

Sutton Fire Department To Hold Halloween Party

SUTTON. The Sutton Fire Department, Company #1 at Sutton Center, will hold its annual Halloween Party on October 31st, from 7:00 to 8:30 p.m. The party is open to children of Sutton Center, Manchaug and Wilkinsonville. Candy and refreshments will be given to each Spook, Ghoul, and Goblin, and others in costume.

Prizes for the best costumes will also be awarded.

Sailing Association Top Three Skippers

The Singletary Sailing Association's Annual Awards Outing was held on Sunday, September 27, at Marions Camp in Sutton. After a "Roast Beef Cooked on an Open Spit" dinner, Commodore Macaruso presented trophies to the top three Skippers, based on points accumulated in their best of five races during the season. The recipients were: First, David Cruise - Sunfish; Second, Hunter Greenwood - Sunfish; and Third, Craig Whittier, National 420.

The Top Ten Skippers, and accumulated points, are as follows:

1. David Cruise 53
2. Hunter Greenwood 48
3. Craig Whittier 47
4. Frank Kaczynski 46
5. Tom Manell 42
6. Fred Poland 39
7. Al Spear 37
8. Bill Erickson 35
9. Dean Squier 32
10. Peter Fitzpatrick 31

Points are awarded based on corrected time which is determined by applying the Portsmouth Yardstick of Handicap factors to each class of boat. This system allows for a mixed fleet race. Races are held every Sunday afternoon from May to mid September.

Commodore Macaruso, who was also Head Chef for the Outing, thanked the various committees responsible for keeping the Association operating. He closed with the standard slogan of all Commodores: "Think Sailing!"

Compassionate Friends

WORCESTER. The normal period of grieving that follows the death of a child is measured not in months, but in years.

With the help of Compassionate Friends, this long grieving process can be a time of gradual healing.

Compassionate Friends, a self-help group offering understanding, support and friendship to bereaved families, invites newly-bereaved parents and siblings to attend their next meeting on Tuesday, October 20, at 7:30 p.m. at the First Baptist Church, 111 Park Ave., Worcester. Guest clergy from several denominations have also been invited.

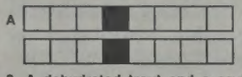
For more information about Compassionate Friends, contact Greg or Shirley Cobb at 842-3753.

What's the Difference?

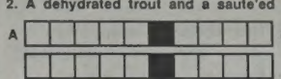
By Pat O'Leary & Larry Ham

HOW TO PLAY: The answers to the two clues rhyme and the beginning consonant sounds are switched. For example: What's the difference between a neckwear fastener and a metal pan for baked desserts? One is a TIE PIN and the other is a PIE TIN. Sound counts, not spelling.

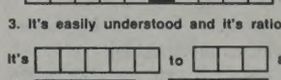
1. A deranged grizzly and a dreadful female horse?



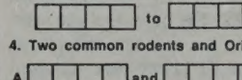
2. A dehydrated trout and a saute'ed plate?



3. It's easily understood and it's rational to request?



4. Two common rodents and Oriental grains & pads?



9-22

ANSWERS: 1. A mad bear and a bad mare. 2. A dried fish and a fried dish. 3. It's plain to see and it's sane to plea. 4. Mice and rats & rice and mats.

Introducing the

Transformer Mortgage

Because rates that go up, can come down.

If mortgage rates that go up can come down, why lock into a high fixed rate now?

With the Transformer Mortgage from Fidelity Co-operative Bank, you don't have to. The Transformer lets you pay a low adjustable rate now **or** lock into a fixed rate security at your option. You can keep your adjustable rate until fixed rates are lower, and convert to a fixed rate at no cost to you anytime between the first anniversary and the fifth anniversary of your loan, **or** lock in a fixed rate up to seven days prior to closing. The decision if and when to lock in is yours. That's the Fidelity Transformer advantage.

Initial Rate	Annual Percentage Rate
plus one point 9%	*10.228%

If you want the Fidelity Transformer Mortgage, just stop by or call any one of our offices.

Because rates that go up, can come down...

Member Federal Home Loan Bank System

Member FDIC · An Equal Opportunity Lender

*Rates subject to change without notice. Interest rate is adjusted annually, based upon the weekly average yield on U.S. Treasury Securities, adjusted to a constant maturity of one year, as made available by the Federal Reserve Board, plus the applicable margin. The initial interest rate is independent of the index, and has been discounted. This rate may increase on the first adjustment date, in accordance with the formula outlined above. The Annual Percentage Rate is based upon closing on the first day of the month, on owner-occupied property, with a minimum 20% down payment.

SELECTMEN from Page 4

and the lot size, Miles replied that he wasn't sure of the number but that the lot sizes would be smaller.

Adams questioned whether Miles would be mandated to have affordable housing under this program. Miles replied that using an example of 100 units, 20 units would be "Very Affordable"; 20 units would be affordable, and the rest would be at the market price. The more units, the more affordable would be required, according to Miles.

Miles also said that the State would work closely with the Town. "They are the ones with the money. There would be a lot of give and take. Once plans are set, they can accept or reject the entire plan, or parts of plans. By law, the Planning Board doesn't have to do anything. They can wash their hands of the whole thing. They don't have the authority, but could be involved," he said.

Cristo then asked the Planning Board members in attendance if they had any questions or comments. "I assume you are interested," said Cristo.

Planning Board member, Terry Burke Dotson, stated that at one of their meetings Miles' proposal was not favored, and that one Planning Board member strongly opposed it. She noted that the court never intended that there be more than 19 homes at Bengston Lane. She stated that there were 16 lots at Bengston Lane and reported that the swamp had been filled in and a hill had been flattened and cleared. "There are a lot of problems there, and the road has gone beyond its original design."

Cristo then asked Miles about the Route 146 site. Miles stated that the Route 146 property was more valuable and was commercially zoned along 146, and suburban zoned in the rear of the 115 acre site.

Cristo stated, "There appears to be mixed feelings over the Bengston Lane site and some type of concern on Route 146."

Miles replied, "Any site will be a concern for people living nearby." Then he indicated that other sites were also under consideration, such as Donnelly Drive and Herricks Lane. He noted that Donnelly Drive was a small site and had been approved for seven housing units.

Planning Board Chairman, Gary Swenson, stated "I don't see that any builder should have a free rein. The Town should have some control."

Selectman Roland Lachance added, "The problem is really with the State. They have the right to come in the back door with no regard to local zoning bylaws."

Cristo stated that, under a Housing Partnership, Millbury residents would have a priority. "Partnership is the way to go. Recommendations are needed from the Planning Board, Housing Authority and Zoning Board of Appeals. We need to get together and have a meeting of minds on this." Cristo then suggested that Town Planner, Chris Nelson, provide technical assistance to the Zoning Board of Appeals.

Lachance quipped, "I can't see Chris wearing two hats."

– Chase continued his report to the Board, noting that he had received a telephone inquiry about an application for a Class II Permit. The permit would be located at 241 Main Street, where a previous permit had been held.

– Adams then brought up a concern relating to the display and selling of cars at a location on Route 146. "I don't think they have a license," said Adams. Chase was asked to check into the matter.

– Chase told the Board that New England Telephone was asking for verbal support of a request to be sent to the School Committee to locate a telephone pole near the sewage pumping station at the Elmwood Street School. Chase stated that the request was made by the Millbury Sewage Commission in order to install power for a security system to the pumping station.

– Chase stated that he received additional information from Dr. Stephen Rice of the Telephone Task Force Committee, which stated that a previously mentioned report showing that Millbury was on an earlier schedule for modernization was in error. The schedule was actually one for access by other commercial systems and was developed by the Justice Department.

Cristo suggested that Chase work with Dr. Rice to see if other communities had made "community cases" to the D.P.U. He also suggested that such information could be used in developing a community case for updating the modernization schedule of telephone service in Millbury.

– Next, Chase informed the Selectmen that the Assessors have indicated that they are preparing estimated tax bills. New evaluations are also being discussed with the evaluating company.

Adams responded, "Are they ever going to set a tax rate on time in this town? We have given them extra help. Things are no better now than they were before. There seems not to be a high enough priority for this to be done."

– In a brief discussion concerning tonnage and fees at the resource recovery plant, Cristo asked whether trash was compensable to the town during the testing period. Adams replied, "Yes, at $750 per day, right now."

– The Selectmen decided to re-bid the work on the east facade of the Asa Waters Mansion and to bring the issue before the Finance Committee and Town Meeting. Adams stated, "The project is three to four years old and nothing has happened. It is getting more costly all the time. We are going to spend a lot of money over there or abandon it."

– Chase reported that Town Counsel indicated that it would be appropriate to rebuild the downtown sidewalks with asphalt berms since this does not come under "new construction".

Cristo stated, "People deserve sidewalks that they can walk on." He suggested, "Do it in asphalt. We can't afford to do it in granite."

The motion to reconstruct the sidewalks failed on a 2-2 vote. The motion will be discussed at a later meeting when Selectman John Donnelly is present.

– Lachance brought up a concern he had expressed previously about tire storage in front of Premium Tire on River Street. He requested that the Building Inspector check on the matter and have the tires stored somewhere away from the front.

– It was suggested by Adams that the Board review and update the downtown parking regulations. He also stated that he would seek a recommendation from the Safety Officer to identify and recommend the handicap parking areas.

– Chase informed the Selectmen that the Bayside Engineering Report on the South Main Street bridge was sent to the D.P.W. Bridge Department and has not yet been returned.

– Board member, Donald Gauthier, expressed dissatisfaction with the water main installation work being done on Millbury Ave. He stated that trenches have not been topped, as was established in the proposal for work which was to be done before the end of each week. Gauthier stated that the work has caused excessive dust, and muddy conditions on wet days.

Adams suggested that Mass. American Water Co. be notified that the work permit would be withdrawn unless conditions improved and the agreement was lived up to.

– Under "Old Business", the Board deferred, for two weeks, an appointment to the Housing Authority.

– Chase informed the Selectmen that Dan Radebaugh, of Wheelabrator, has requested approval from the Board of Health to operate the resource recovery plant at night in order to handle trash being trucked in from Boston. Boston trash is being handled to allow for the 500 tons needed daily to operate incineration equipment for testing and monitoring purposes.

STARGAZING

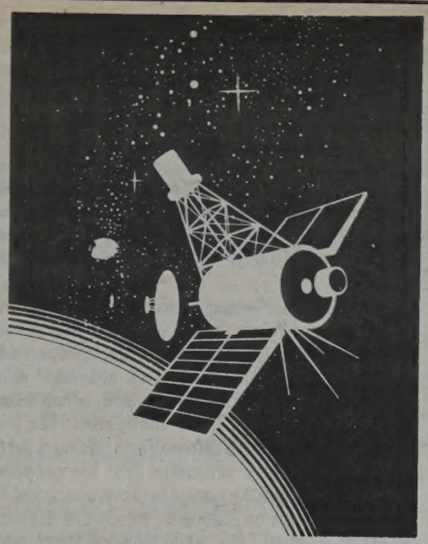
"Blossomed the lovely stars, the forget-me-nots of the angels." – H.W. Longfellow

Most people could tell the difference between a daisy and a rose; they could easily identify an oak tree from a maple. Who doesn't know the sun and the moon, and where they rise and set each day? But what about the stars, the silver lining of the night skies? Who can point out the constellations Aquila and Cassiopeia? Can anyone tell where the planets are in the night sky or describe the Milky Way after seeing it?

If you've ever been curious about what you see in the night sky, the Millbury Public Library offers you an opportunity to satisfy your curiosity with "Stargazing".

On Tuesday, October 13, 20, 27 and November 3, at 6:30 p.m., the Millbury Public Library, 128 Elm Street, will present its four part series, Stargazing. Stargazing is offered to adults and to children in grades five and up. Children must be accompanied by an adult. Register by calling 865-1181 or in person at the Library.

Stargazing is a program designed to teach participants how to observe the sky. By the end of the four programs, starwatchers will be able to identify the major star groups for this season. They'll learn about the moon and gain an understanding of its nightly motions through the sky, and how and why its appearance changes. Starwatchers will discover the Milky Way and learn its dimensions, how to observe it, and its importance to the earth. Satellites will



also be discussed. Participants will learn how to track satellites, and will discover how they orbit the earth. In addition, starwatchers will learn how to identify the planets. Their motion, color, distance and brightness, along with their many moons, will be discussed. The wisdom of the farmers, time and distance, direction, the ancient mariners, deep space, and cosmology will all be discussed during Stargazing.

There's no need of fancy, elaborate equipment, or even high powered binoculars. All you need to participate in "Stargazing" is your curiosity and wonderment.

The person who will unveil the night sky for participants of Stargazing is Millbury's Stephen Nathan. Mr. Nathan is a former teacher who is currently working as a biochemist/administrator for the State. He is an amateur astronomer and avid star gazer. His knowledge and enthusiasm for the heavens is enough to make anyone look skyward. Most of all, Mr. Nathan enjoys fostering an understanding and appreciation of the night skies, and is looking forward to doing so at the Millbury Public Library.

In case you can't attend Stargazing, but still want to learn how to observe and understand the night sky, here's a selection of books you'll find at the Library to help you do so.

AMATEUR ASTRONOMER: AN OBSERVER'S GUIDE TO THE UNIVERSE – by Antonin Rukl (520 RUK)

ATLAS OF THE NIGHT SKY, edited by Storm Dunlop with star maps by Wil Tirion (523.8 Dun)

FIELD GUIDE TO THE STARS AND PLANETS, 2nd edition, revised – by Donald H. Menzel & Jay M. Pasachoff. (523 Men)

SPOTTER'S GUIDE TO THE NIGHT SKY by Nigel Henbest (523 jHen)

ASTRONOMY: A STEP-BY-STEP GUIDE TO THE NIGHT SKY by Storm Dunlop (523 jDun)

WHITNEY'S STAR FINDER: A FIELD GUIDE TO THE HEAVENS by Charles A. Whitney (523 Whi)

STAR MAPS FOR BEGINNERS by I.M. Levitt & Roy K. Marshall. (523.8 jLev)

Don't forget: Stargazing will start on October 13th at 6:30 in the meeting room at the Library. Adults and children in grades five and up are welcome. Children must be accompanied by an adult. You can register by calling 865-1181 or stopping by the Library.

COMING SOON

OCTOBER 14 & 15 at 10:30 a.m.: Parents Focus On: The Importance of Reading Aloud to Children. Central Massachusetts Regional Library System's Children's Services Consultant, Diane Ramsey, will present an informative and lively program that wil help you help your children be life-long readers. A reading list by appropriate age levels will be made available. This program will be held on October 14, and repeated on October 15. Registration is necessary and childcare will be available.

OCTOBER 16: Dictionary Day Contest. Winners of the dictionary contests Word Wize and Dictionary Know-How will be announced. Pick up your contest entry form at the Library.

Planning Board hears informal discussion to construct 181 units off Greenwood Street

By Stevan Belair

The Millbury Planning Board convened on Monday, September 28, with all board members present.

Following the reading of the Planning Board's correspondence, an "approval-not-required" subdivision plan for property on Riverlin Street, owned by Mr. and Mrs. Maynard, was discussed. Attorney Peter Keenan, representing the Maynards, stated that the Planning Board had previously denied a variance request to develop this property. The Zoning Board of Appeals (ZBA) has since granted a variance, changing a portion of the property from Industrial to Suburban. This change permits 5 house lots, each with 150 feet of frontage on Riverlin Street, to be developed. Keenan said he was seeking the Planning Board's endorsement that the plan conforms to the subdivision control laws. The Planning Board voted unanimously to endorse the plan.

– At 8:00 p.m., Attorney Keenan initiated an informal discussion of a plan to develop property belonging to the Mantia family of Greenwood Street. The 22-acre site is bounded by Greenwood Street, the City of Worcester flood diversion channel, the P&W Railroad, and the Mass. Pike. The front portion of the property is zoned residential while the larger back portion is zoned industrial. Keenan stated that the owner was unsuccessful in his previous attempt to develop a water theme park because the ZBA would not grant a variance. A variance was required to access the industrial portion of the property over that portion zoned residential. The reasons given for not granting the variance were traffic concerns and non-conformance with the neighborhood. Keenan said, based on that decision, the owner has decided to consider residential development of the property.

Rudolph Bedar, of Bedar Associates, architects, then presented a plan in which 181 townhouses and garden-style housing units would be constructed. Each unit would consist of 2 bedrooms. Entrance into the development would be via Greenwood Street, with the access road ending in a cul-de-sac. Terry Burke-Dotson asked about the length of the dead end road. When Bedar indicated that it exceeded 500 feet, the Board unanimously agreed that a redesign of the roadway would be required. Another issue discussed was density, relative to the number of permissible housing units per a given area. Town Planner, Chris Nelson, recommended that the developers remain consistent with existing by-laws. Chairman Gary Swenson ended the discussion by telling the developers that they need to do more homework.

– The Board then took up discussion of the R.F. Bedard Bond Reduction agenda item. The Town of Millbury currently holds a performance guarantee of $262,000 from Bedard, developer of the Hayward Glen subdivision. Nelson indicated that construction is going well and proposed an immediate release of $152,000 and a phased release of the remaining money, pending completion of specific construction tasks. The Board was in agreement, but took no action pending a written request by Bedard for bond reduction.

– At 8:45, the Planning Board continued its review of the Elmwood Terrace condominium special permit. Nelson stated that the drainage report prepared by Cox Engineering concluded that no additional water run-off would result from the planned construction. In addition, he reported that a traffic report had been submitted by Sergeant/Safety Officer, Edward Perry. Perry, in his report, estimated that the proposed condominiums would generate over one hundred daily vehicle trips on Elmwood Terrace and Elmwood Street. He concluded that while Elmwood Street could accommodate this traffic increase, he was concerned with the narrowness of Elmwood Terrace. Perry recommended improvement in the width of Elmwood Terrace, installation of sidewalks, and improved street lighting.

Bill Cullen, of Domicile Inc. and Consultant, Ted Brahn, then presented changes to the plan presented at the last meeting. The change consisted of relocating 2 family units and shifting the corresponding driveway. The change would increase the separation between the proposed driveway and Catherine Leblanc's property from 15 feet to 40 feet. This had been a concern raised at the last meeting. Mrs. Leblanc, who was in attendance, thanked the developers for making this change.

Cynthia Beaton, of Alpine Road, was concerned that the presence of the development would devaluate her property. Cullen responded that, at $130-135,000 per unit, and red cedar siding, he would not expect property values in the area to decrease. Responding to a question on landscaping, Nelson stated that a Planting Plan was requested and should be submitted for public review by the next meeting.

Elmwood Terrace resident, James Salo, asked about the completion of black topping on Elmwood Terrace. After some discussion, Swenson asked Nelson to check on the existing road surfacing but noted that final surfacing would not be done because of the Elmwood Terrace construction. Discussion of this agenda item concluded with Nelson stating that the next public hearing on this proposal is scheduled for 8:00 p.m. on October 12.

– At 9:15, David Lavalle and Paul Dauphinais presented the annual report and update of earth removal at the Dauphinais concrete site located on Millbury Avenue. Swenson stated that Pleasant Realty Trust, holder of the Special Permit, has merged and is now part of the Amerall Corporation. Lavalle stated

Adams then stated that a re-structuring of Wheelabrator of Millbury was to take place and that Wheelabrator Technologies Incorporated was the new guarantor.

Adams recommended that the Selectmen vote approval of Wheelabrator Tech. Inc., as guarantor, noting that the Board would be voting only for an amendment to change the name. "The original contract doesn't change. The guarantor has to be approved by all parties involved." Gauthier moved and Lachance seconded to vote approval of the amendment.

Bishop Rueger To Be Featured Speaker At Communion Breakfast

MILLBURY. The Most Reverend George E. Rueger will be the featured speaker at a Communion Breakfast to be held at Our Lady of the Assumption Church hall on Sunday, October 18th, immediately following the 8:00 a.m. Mass. The Breakfast will be served family style. This event is being sponsored by the Men's Club of the Parish.

The Public is invited to attend, and tickets may be obtained by calling 865-5029, anytime before October 13th. In addition, tickets will also be sold after all Masses this weekend. The donation for a ticket is $6.00 per person, which will cover the cost of the caterer.

DAR To Meet On October 15th

SUTTON. The General Rufus Putnam Chapter of the DAR will meet on Thursday, October 15, at the Sutton Town Hall at 1:30 p.m.

The program is entitled, "Samplers", and the hostesses for this event are Mrs. Ellery Smith, Mrs. Lawrence Pierce and Mrs. Edward Lacrosse.

News From Pack 143 St. Mark's, Sutton

On September 29th, we held our first pack meeting after a summer off.

We have had a great turn out this year. The sign-up is at 80 and growing. This looks like a really good year coming up. The Committee has been hard at work on preparations. There is still a lot more work to be done and we still need "a few good persons" to help make it better.

We would like to thank Captain Mark Brigham and Deputy Chief John Peterson of the Sutton Fire Department, and Lt. Perry Briggs, of the Sutton Rescue Squad, for the excellent job they did for the boys on Tuesday night.

Along with the demonstration, we also had representatives from Troop 143: Mrs. Potter, her son Matt, and Mr. Barron and his son, Scott. They talked to the parents of the Webelo's about the upcoming Camporee to be held on October 9th, 10th, and 11th at the Upton State Forest. The Webelo's are invited to spend Saturday and Sunday with the Boy Scouts. Sounds like a great weekend in the making.

Former Scouts of Pack 143, Andrew Bjorn, Christopher Gauvin, Mark Scanlon and Bruce Davis have received their Scout Badges from Troop 150 in ceremonies held in Whitinsville on September 30th.

The Pack Committee

Diane Rigney Completes Advanced Studies Program

SUTTON. Sutton High School student, Diane Rigney, is returning for her senior year after spending six weeks this summer at the Massachusetts Advanced Studies Program. Diane, the daughter of Paul and Lucyann Swenson of 20 Singletary Road, was chosen from among over 400 nominees to attend this prestigious state-wide program, which is open to outstanding public and parochial school juniors. Held each summer on the campus of Milton Academy, MASP allows students the opportunity for intensive college-level study together with college guidance, financial aid planning, college visiting, sports, and recreational and cultural activities. Generous grants from many banks, corporations and philanthropies throughout the Commonwealth make it possible for any student selected to attend, regardless of financial need.

Each student chooses a special field of study, as well as a writing skills course. Diane concentrated in Society and You (a Humanities course) and took Fiction, for writing.

When asked to comment about the summer's experience, Diane stated, "It was a great experience. I loved the classes and the people. Now I feel better prepared for college. I wish I could do it all over again next summer."

School nominations to the program from this year's junior class will be made in January. Information is available from school guidance offices or from the MASP office at Milton Academy, Milton, MA 02186.

St. Mark's Flea Market

SUTTON. St. Mark's Church, Boston Road, will hold a Flea Market on Saturday, October 10th, from 9:00 a.m. to 3:00 p.m. on the church grounds.

Among the features will be a Book Table and Children's Table. Refreshments will also be available.

LEWCOTT from Page 1

Mrs. Perry stated that the Awareness Group will also be closely monitoring the company. "If the incinerator, as promised, does not work properly, if the citizens are still forced to leave their homes to escape the odors, then we will insist that the Millbury Board of Health, the DEQE, and the Attorney General's office step in and order them to discontinue the use of LC799 or close the company down."

Burgoyne stated that if the company were ordered to close down the phenol line, "It would probably put us out of business –not probably, definitely. – It would be a terrible waste of $400,000."

Mrs. Perry was not sympathetic to Burgoyne's statement. "If September 30th and October 1st are any examples of the best performance that the $400,000 incinerator can provide, they'd better get their money back and use if for traveling expenses."

In another matter concerning Lewcott, a July 8th letter to the company from the Millbury Awareness Group requested a response to a variety of concerns. The citizen's group received a reply on October 6th. Burgoyne agreed to discuss the contents of the letter.

– Referring to the possibility of a malfunction of the fume incinerator, the letter asked for a definition of "promptly" as stated in a Lewcott letter reading, "The coating line will be shut down when corrective actions cannot be taken promptly." Burgoyne stated that a time frame on the average would probably be less than an hour.

– The letter questioned whether or not Lewcott has established any emergency or evacuation plans with the town should an accident or fire occur at the plant. In addition, Lewcott was asked to explain the criteria they would use to determine the radius of potential impact.

Burgoyne stated, "Evacuation is a local fire chief issue. The protocol is very clear in the event of a fire. It is the fire chief or his designate who is the officer in charge at the scene. As such, that is solely at his discretion." Burgoyne also explained that the company is still working on a contingency plan to be used in the event of a fire. "This has been sent to, among others, the Millbury Fire Department. Chief Nault has fed back his comments to us, and those comments, along with the comments of others are in the process of being incorporated into the plan."

When asked who is responsible for determining the radius of potential impact, Burgoyne replied that he believed it would be the Fire Department, based on the department's experience and the list of chemicals supplied to them by Lewcott. "They're in the business of that type of issue."

– Burgoyne stated that, as requested by the citizen's group, the company is willing to install a fence around the underground storage tanks and noted that one is already in existence around the phenol tank. He added that the company does not store any other chemicals outside the building. He also stated that a containment wall already exists around the phenol tank, another issue brought up by the Awareness Group.

– The citizen's group also questioned whether Lewcott will have a completely independent back-up fire control system for the plant and for stored chemicals. In addition they asked whether firefighters have been trained for all spills, and asked the company to purchase a foam truck to contain chemical fires. Burgoyne responded, "A combination of water and chemical extinguishers are in place. Our personnel have already been trained – training is an on-going issue with us." With respect to the foam truck, Burgoyne stated, "I think the fire department has access to that type of equipment."

– The Awareness Group also asked for information on a leased storage site at the Windle factory on Canal Street, questioning whether the company has any plans to run any manufacturing processes from this or any other Millbury site. In addition, they asked if chemicals are stored in any other buildings in the town of Millbury other than 86 Providence Road.

Burgoyne replied that the Canal Street site stores "a lot of old obsolete equipment, some raw material (cloth), some old dye presses." When asked if chemicals were also stored at this site he replied, "There are some chemicals there, but not flammable chemicals." He also added that no flammable chemicals are stored anywhere but at the Worcester or Millbury plants.

Burgoyne then reported that the company plans to redo their leased Canal street site to provide additional space and to conduct some "light manufacturing" in the form of a die cutting operation. "There will be no chemical processing conducted at that location," he added.

– Question 7, referred to a conversation members of the Awareness Group had with former Lewcott President, Jean Lewis, and Burgoyne. Lewis allegedly stated that a serious problem could result if the 12,000 gallon tank of phenol at the rear of the Lewcott building was struck by lightning.

When asked to comment on Lewis' statement, Burgoyne replied, "The words that I would use to describe that are that it is extremely remote that the tank would ever take a direct hit by lightening. I say that because there are at least two other structures in the immediate area that would always be at a higher potential; the incinerator stack and the rest of the building. The way that lightening works it will attempt to occur at the point of highest potential.

He continued, "A couple of things need to be considered. Phenol freezes at temperatures below 106 degrees fahrenheit. It is a class 3A material in the flammability code which means that its flash point is in excess of 180 F. The point is, it's tough stuff to get to burn. If the tank were to rupture, whether it's lightening, earthquake, or whatever, unless you're in an unusually hot summer day it's going to crystallize and freeze right before your eyes. In order for it to burn there would have to be a source there greater than 180 degrees."

The letter further asked if Lewcott plans to store any other chemicals above ground which could also be affected by environmental conditions, i.e. lightening, rain, earthquakes.

Burgoyne's response, "No, none whatsoever."

The citizen's group also asked the company to provide them with a list of the dangers associated with each of the chemicals used by the company, and any precautions that must be taken in the event of fire, explosion, or accidental spill. In addition, they questioned whether Lewcott would be willing to install an alarm or siren to be used only for evacuation purposes.

"As part of our contingency plan," Burgoyne responded, "we are supplying the fire department and the DEQE with material safety data sheets on all the chemicals that we have in the plant. Once we do that, that information is available upon request to anyone who asks for it." With respect to an alarm system, Burgoyne stated, "I don't think so."

LEWCOTT from Page 12

Mrs. Perry stated that, overall, she is pleased that Lewcott officials responded to the letter. She did state that she was disappointed that the company did not agree to the alarm system as this was a high priority of the citizen's group. "At least they are trying to keep the lines of communication open and are attempting to address some of our concerns," she stated.

Burgoyne also hopes that discussions with the Millbury Awareness Group can continue on a positive note. "As President of the company, I think that the association I have had with the group in the past can only be of mutual benefit. There is indeed a lot of ground that has already been covered that doesn't have to be regained. I think that I would expect to continue to maintain a good, working, constructive flow of communication between the company and the community, and the community and the company."

Sutton Students Attend Seminar On Constitution

SUTTON. On October 7th, fifteen members of the senior class of Sutton Memorial High School, accompanied by teacher, David Muradian, attended a seminar on the Constitution at Mechanics Hall in Worcester. The program was presented by Fred Friendly, an associate of the late Edward R. Murrow who has produced a series on the Constitution for public television.

Breastfeeding Class

WORCESTER. A Breastfeeding Class will be held on Thursday, October 15, at 7:00 p.m. in the Basement Conference Room at St. Vincent Hospital, 25 Winthrop St., Worcester.

Many couples are now choosing to breastfeed their babies. The purpose of this class is to provide education about the physiology and techniques of successful breastfeeding. Maternal nutrition, the role of the father, possible breastfeeding problems and their solutions, and nursing discreetly away from home will also be discussed. Both parents are encouraged to attend, as the father's support is essential for a good experience.

The class is free to couples enrolled in C.E.A. Prepared Childbirth classes; the fee for non-class members is $5 per person/couple. For more information, call C.E.A. at 791-7229.

Grants Available To Local Schools And Teachers

The Alliance for Education has announced that two grant programs are available to public schools in the Worcester area during the 1987-88 school year. Funds will be distributed to schools and teachers submitting innovative project proposals. To date, funds for the programs have been contributed by the Public Education Fund and local businesses and organizations.

Small Grants for School/Community Relations will award grants averaging $500 to school community relations teams for school promotional projects. Public schools throughout Worcester and Worcester County are eligible to apply. The theme of this year's program is "Reaching New Audiences".

Mini-Grants for Worcester Area Teachers will direct funds to teachers and groups of teachers for innovative classroom projects. Teachers from the following systems, determined by lottery, are eligible to apply: Auburn, Clinton, Grafton, Marlborough, Milford, Millbury, Northbridge, Spencer, Sutton, Tantasqua, Wachusett, West Brookfield.

For more information concerning application procedures, contact Louise Clarke, Grants Director, Alliance for Education, 754-9425.

PLANNING from Page 8

that Amerall Corporation was excavating against the 5-year permit and expects to be through by Fall of 1988. In response to a question on long term plans for the site, Dauphinais stated that they were there to manage the operation and have not been apprised of any long term plans. Dauphinais added that they (Amerall) will probably wait to see what the site is best suited for.

- The Planning Board then discussed extending the review of the special permit request by Wilfred Ezold and Michael Abodeely for the Westfield Village development. Nelson said that the developer had not yet submitted a wetlands mapping. By a unanimous vote, the Board approved an extension until October 30.

- At the invitation of Board member, Terry Burke-Dotson, Joe Bianculli presented an amendment of the Zoning by-laws limiting the maximum building height for Industrial I zoning from "no requirement" to "40 feet". Bianculli indicated that this proposed amendment had been previously voted down at the October 1986 Town Meeting. By adding this change, Bianculli explained, a variance would be required for buildings and smokestacks. The variance process would require a public hearing, permitting the citizens of Millbury an opportunity to provide input. By a unanimous vote, the Board decided to advertise for a public hearing on the matter.

"RENEW" Kick-Off

MILLBURY. The RENEW kick-off, Season I, at Our Lady of the Assumption Parish begins with "The Lord's Call", on Sunday, October 11th.

AROUN' THE' TOWN & GOLDEN AGERS UPDATE

By Lillian C. Sheehan

ST. BRIGID'S WOMEN'S CLUB

On behalf of Madeline Hartline, President, and all the workers at the Apple Fest and Mini Fair, a very sincere "thank you" to all who worked and contributed articles and to all those who patronized this activity which opened the "Club Year".

It's quite fitting at this time to insert this little poem for future activities that will take place:

ORGANIZATIONS KINDS OF MEMBERS

Some members keep their organizations strong,
While others join and just belong.
Some dig right in, some serve with pride,
But some go along just for the ride.
Some volunteer to do their share,
While some sit back and don't care.
On meeting days some always show,
But then there are those who never go.
Some always pay their dues ahead; Some get behind for months instead.
Some do their best, some build, some make, some never give, but always take.
Some lag behind, some let things go, some never help their group grow.
Some drag, some pull, some don't, some do, which of these many are you?

Raffle Table Winners, October 3, 1987, were:

1. Food Basket, Beatrice Tift
2. Food Basket, Betty Leivis
3. Bread Box, Bea Mailloit
4. Afghan (fall colors), Bob Carrignan
5. Goose Planter, Mary-Jo Boire
6. Lamp, Peter Capomaccio
7. Rabbit Pillow, Ethel Markunas
8. Kitchen Pillow, Caroline Pescheta
9. Irish Knit Afghan, Lee Royer
10. Knitted Vest, Ellen Mahar

Thank you all for making this event a success!

MILLBURY GOLDEN AGE CLUB: Preparations are in the making for the annual Christmas Party which is scheduled for Tuesday, December 8, 1987. Rita Woodward and Loraine Colarusso are Co-chairmen. The menu will be turkey and ham, family style.

Each member must make his/her reservation in person and pay $5.00 at that time. This is for paid-up members only since the club assumes the balance of the cost as in the past. More details later!!

BIRTHDAYS: At Centerview, "Happy Birthday" wishes are going to Mamie Bailey and Anna Pierce. At Colonial Apartments, Nina Dow, Miriam Geyer, Bernadette Fisher and Mary Scannell are in order for good wishes.

Many happy returns to all of you!!

FLEA MARKET

WORCESTER. Camp Fire Girls and Boys from Central Mass. Camp Fire Council who are attending a Horizon Youth Leadership Conference in San Diego, California next July, are sponsoring an indoor flea market to help defray their expenses and program fees. The flea market will be held on Saturday, October 17, 9-3, at St. Michael's on-the-Heights Church, 340 Burncoat St., Worcester. A quick-lunch, baked goods, and a chance table will be featured. Table rentals are available by calling Mrs. Francis Dill at 853-8045. Any donations of flea market items would be appreciated.

"Friends" Annual Meeting

MILLBURY. The annual meeting of the Friends of the Millbury Public Library was held on September 29, 1987. This organization was established to stimulate community interest in the services and needs of the Library, and to provide assistance, through fund raising, that will enable the Library to keep pace with the growth of the Town of Millbury.

With these views in mind, it was voted to have a mid-season membership drive, sponsor a fair in the early Spring, fund children's programs for October and December, and contribute monetarily to several adult programs. The membership also voted to accept the new By-Laws.

The following officers were elected for 1987-88: Chairperson, Karen Beaudoin; Recording Secretary, Ruth Shimkus; Correspondence Secretary, Grace Laflash; Treasurer, Diane Lewos.

The following standing committees were formed: Programs, Joanne Dunn - Chairman, and Betty Kotzen; Publicity, Grace Laflash - Chairman, and Harriet Sweet; Fund Raising, Diane Lewos - Chairperson, and Fran Rudnickas; Membership, Ruth Shimkus - Chairperson.

Sutton Senior News

CHORE PERSON PROGRAM: Our grant for doing chores for the elderly has now run out. We will no longer be taking calls for this service.

ELDER VAN: We urge all who have their own means of transportation to doctor appointments, whether they drive themselves or can have their families take them, to please do so because of the overload of people wanting this service. We will make every effort to accommodate as many as possible, but we are being swamped with calls from people needing to be taken to doctor and hospital appointments. We do not want to refuse anyone who has no other means of transportation, but we only have one van and sometimes the appointments last a lot longer than expected.

FUEL ASSISTANCE: Starting October 5, we will be taking fuel applications. This service is by appointment only. We will be doing this every Monday from 9:30 to 11:30 and again from 1:00 to 2:30. Make sure you have a copy of your SS checks and last fuel bill (paid or unpaid). If you have any questions, please call the COA office at 865-9798 or 865-1602.

FLU SHOTS will be given at the Town Hall, 3rd floor, on October 9th, from 12:30 to 1:30.

Thomas Gagne Joins Classic Modular Homes

Classic Modular Homes announces that former Sutton resident, Thomas Gagne, has joined the professional team in the Grafton office. Thomas comes to Classic Modular Homes from Sanders Associates where he held various positions in planning and administration.

Prior to Thomas' position at Sanders Associates, he was a representative of building products for P.F. O'Connor's Lumber Company where he gained expertise in the building industry. In making the announcement, officials at Modular Homes stated that Thomas has a reputation with both of these companies for thorough and organized planning skills which officials feel will aid him in his new position.

This experience, combined with his knowledge of the local real estate laws and his familiarity with the area, promises to make Thomas an asset to the team. Everyone at Classic Modular Homes is looking forward to working with Thomas and they hope the public will stop by the office to welcome him.

LOCAL STUDENTS AMONG ART AND ESSAY CONTEST WINNERS

The Blackstone Valley Heritage Homecoming 1987 Education Committee presented an Art and Essay Contest to all school students in the Blackstone Valley. The 11 school systems and two private schools were represented by student entries, with over two hundred final entries which were judged on Tuesday and Wednesday, September 29 and 30.

Judging of the Art entries was done at Our Lady of the Valley School, Uxbridge. Judging of the Essay entries took place at the Raymond E. Shaw Middle School in Millbury. Cash awards are presented to the best entry in each division. Plaques are presented to first place winners, silver medallions to the second place finishers, and bronze medallions are given to third place entrants.

The following students from Millbury and Sutton schools were among the winners.

ART CONTEST

DIVISION ONE: Kindergarten, Grade One, and Grade Two
TOPICS: My Family in the Valley, My Home in the Valley, My School in the Valley
HONORABLE MENTION: Jessica Plante, Kindergarten, Elmwood Street School

ESSAY CONTEST

DIVISION THREE: Grades Six, Seven and Eight
TOPIC: An Interesting Fact About My Town
THIRD PRIZE: Todd Sjolander, Grade 7, Raymond E. Shaw Middle School

ESSAY CONTEST

DIVISION FOUR: Grades Nine, Ten, Eleven and Twelve.
TOPIC: An Interesting Building or Structure in the Blackstone Valley.
DIVISION FOUR TOP AWARD: James Boden, Senior, Millbury High School for his essay, "The Bridge" (at Millbury)
FIRST PRIZE WINNER FOR GRADE 11: Darlene Gover, Millbury High School
FIRST PRIZE WINNER, GRADE 12: Laurie Bergoffen, Sutton Memorial High School
SECOND PRIZE, GRADE 10: Matthew Gardner, Millbury High School
THIRD PRIZE, GRADE 9: Renee Gargulinski, Millbury High School
THIRD PRIZE, GRADE 10: Heide Marrino, Millbury High School
HONORABLE MENTION, GRADE 9: Chi Quan, Millbury High School HONORABLE MENTION, GRADE 10: Lori Sulham, Millbury High School
HONORABLE MENTION, GRADE 11: Kristen Anderson, Sutton; Scott Pease, Millbury
HONORABLE MENTION, GRADE 12: Shane Libbey, Sutton; Christi Masso, Sutton; Bill Sawicki, Sutton

HARVEST WHIST PARTY

MILLBURY. The Women's Fellowship of Raymond Memorial Congregational Church (United Church of Christ), 5 Raymond Street, East Millbury, will sponsor a Harvest Whist Party at the church on Friday, October 16th, at 7:30 p.m.

Tickets are $2.00 and may be purchased from any member of the Fellowship, or at the door. There will be refreshments, prizes, and attendance gifts.

Mrs. Herbert Modig, President of the Fellowship, will serve as Chairman for the party. Other members of the association will assist her, and Warren Senecal will again be the caller.

The public is invited to attend and enjoy an evening of fun and fellowship.

Legal Notice

TOWN OF MILLBURY, MASS.

The Millbury Board of Health invites sealed bids for silt type cover material to be transported to the landfill on Riverlin Street. No brush, stumps, debris of any kind, or stones over three (3) inches maximum. Each delivery slip must state weight of load, date, and must be signed by an employee of the landfill. Delivery to be made on the request of the Health Department or a landfill employee. Payment will be made on the basis of cubic yards delivered not to exceed cubic yard carrying capacity of vehicle making said delivery. This agreement will begin on November 13, 1987, and may be terminated by either party upon written 90 day notice.

Bids will be accepted at the Board of Health office until 7:15 p.m. on Monday, October 19, 1987, at which time they will be opened and publicly read. The Board reserves the right to accept or reject any or all bids if it is in the best interest of the town to do so.

...with *no-interest* HEAT Loans from MCU!

A new heating system...insulation...storm and replacement windows...caulking—if you meet certain family income requirements and want to make your home more energy efficient, you're eligible for a *no-interest* HEAT Loan from the Millbury Credit Union.

In cooperation with the Fair Share Development Corporation and the Massachusetts Executive Office of Energy Resources, MCU can help eligible borrowers with *no-interest* HEAT loans. The loan can be as long as five years, and the HEAT Program will pay up to $4,000 in interest charges, or the total interest payment, whichever is less.

It may be warm now...and oil may be cheap...but winter is coming! For information about the HEAT Program, visit the Millbury Credit Union, and...
